00:01	SKY	So I did realise I didn't learn the same way as other kids did. I had to have things that were very visual and hands on, so I guess the reason why I decided to take up the role here is because it's very community based.
00:12	SKY	I've been really surprised how well I can work in an office space, learning how to work in a team, learning how to look after yourself. I thought I was going to be a bit confined or overwhelmed but, no, I've realised that I can kind of change environments really well.
00:27	SKY	As a young person, it's been really good here.
00:30	SKY	As somebody who was always on that creative path, I never really got to try anything else. It's always good to get experience. At the end of the day I reckon like that's one of the main things in growing as a person is being able to experience as much as you can and you never know where things are going to take you.
